

# BRAVO

Introducing the Bravo Series, a headset line that combines all the features of professional equipment with design and audio quality to enjoy your favorite music.

60mm earfoam coupled with wideband speakers, dual noise-canceling microphone and precisely positioned flexible boom deliver maximum audio quality for your work routine.

Latest generation chipset with Felitron firmware, for plug and play connection with artificial intelligence technologies, provide the perfect set for you to make your calls and listen to music in the office, home office or wherever you want.
