

## Epko Plus series

We proudly present the Epko PLUS series. The new generation of Premium Headsets from Felitron brings innovations in technology, design, comfort, and ergonomics. Headset designed for the Call Centers of the future, the modern offices, and home offices with complete focus on high performance.

# Epko Plus series

## Technology and High Performance

The redesigned 55 mm diameter auricular, coupled with a wideband speaker, offers high-definition audio and a new experience in professional communication.

**Epko Plus Voice Guide Binaural**

## Comfort and Ergonomics

The new stainless steel headband with rubberized coating and precise fit, combined with the redesigned side support with exclusive cushioning technology, developed with double injection of polymers of different strengths, bring maximum comfort and stability.

## Professional Audio and User Protection

Double noise cancellation technologies, sound conditioning, and electronic protection against acoustic shocks guarantee clearer conversations and always at comfortable audio levels, following the noise exposure at work standards of national and international controlling bodies.

**Epko Plus Noise Cancelling**
